## **BOARD OF COUNTY COMMISSIONERS**

---

### **AGENDA**

---

**REQUEST:**

**"14-4050008.a.1. Josephine County Comprehensive Plan Amendment: County Coordinated Population Forecast Update.** This text amendment updates the previously adopted Josephine County Coordinated Population Forecast, including forecasts for the Grants Pass and Cave Junction urban areas based on the new long-range forecast for Josephine County issued by the Oregon Office of Economic Analysis (OEA) in 2013, and it updates the planning period. The updated forecast provides a slower forecast for Josephine County as a whole and for both the Grants Pass and Cave Junction urban areas than the previously adopted forecast. The Rural Area Planning Commission has made a recommendation to the Board of County Commissioners for adoption of the proposed amendment of the Comprehensive Plan."

1. PUBLIC HEARINGS:

***NOTE: There will be two public hearings. The first hearing will be conducted by the Board of County Commissioners to consider the Josephine County Coordinated Population Forecast only. The second hearing will be conducted as a joint hearing of the City Council and Board of County Commissioners to consider all other items.***

JOSEPHINE COUNTY BOARD OF COMMISSIONERS:

***This hearing is only for the Josephine County Coordinated Population Forecast.  
Testimony will only be taken on the Coordinated Population Forecast during this first hearing.***

**a. 14-4050008.a.1. Josephine County Coordinated Population Forecast Update**

- 1. County Ordinance (First Reading).** An Ordinance Amending the Josephine County Comprehensive Plan to Adopt an Updated County Coordinated Population Forecast.

**(14-4050008.a.1):**
